**FACULTY SENATE, LA SALLE UNIVERSITY
MINUTES, MEETING #1
MAY 18, 1993**

Present: Nicholas Angerosa, Paul Brazina, David Cichowicz, Gary Clabaugh, Richard DiDio, Preston Feden, Craig Franz, FSC, Marianne Gauss, Richard Geruson, William Grosnick, Prafulla Joglekar, Emery Mollenhauer, FSC, Mary Lou McHugh, Elizabeth Paulin, Joseph Seltzer, John Seydow, Edward Sheehy, FSC, Joseph Volpe, Ellen Wall, Zane Wolf.

Excused: Patricia Gerrity

The meeting was called to order by the outgoing President at approximately 1:30 p.m., May 18, 1993.

The Senate then proceeded with the election of officers, followed by the election of one Senator to serve a two-year term as faculty representative to University Council. The full Senate then took a brief recess while the new members of the executive committee met privately to appoint the remaining Senate members to the four standing committees of the Senate. (A list of officers and the committee assignments of Senators is appended to these minutes.)

Upon reconvening, the Senate voted on the remaining recommendations of the Committee on Committees, thereby completing the appointment of faculty to University Committees for the 1993-1994 term.

The Senate reviewed a list of items held over from the 1992-1993 Senate's agenda and suggested additional items for Senate consideration. During this discussion, the 1992-93 Senate President offered to provide a written summary of the past year's Senate activities and decisions, along with a list of items yet to be completed. A brief exchange followed on the need and method of prioritizing the rather expansive list. It was decided that the executive committee would work on this over the summer.

The Senate adjourned at 3:00 p.m.

Respectfully submitted by,

Elizabeth A. Paulin
Secretary, Faculty Senate

IAMST Steering Committee

September 9, 1993

Present: Gary Clabaugh, Richard DiDio, Alice Hoersch, Stephen Longo, Barbara Millard, Thomas McCarthy, George Shalhoub, Zane Wolf

Absent: Ann Mickle (teaching conflict)

Guest: Annette O'Connor

Meeting call to order at 3:45 PM

1. Future meeting schedule established as follows:

- Thursday, Sept 16, 3:30 PM
- Monday, Sept 27, 3:30 PM
- Thursday, Oct 7, 3:30 PM
- Monday, Oct 18, 3:30 PM
- Thursday, Oct 28, 3:30 PM
- Thursday, Nov 11, 3:30 PM
- Monday, Nov 22, 3:30 PM

Definite meeting locations were not specified; however, H-129 was suggested as a possible location. Members will be informed of meeting locations by Steering Committee chairs.

2. Dean Millard informed the committee that the Medical College of Pennsylvania (MCP) is proposing a program that has some overlap with our IAMST concept. Since the IAMST program and the MCP program will be seeking aid from similar funding organizations, 'on high' decided that it would be advantageous if the two alms-seekers dialog before they both start shopping at the same money stores. A meeting is being called at which an MCP representative will elucidate to appropriate La Salle members the MCP program. One outcome of this meeting could be some collaborative efforts. The Dean sought the committee's suggestions regarding who from La Salle should be invited to the MCP presentation.
3. Alice Hoersch reported that our Washington connection, Cassidy & Associates, has discovered some Department of Energy partnership grants (<\$24K) aimed at 6-10 graders. La Salle will apply for the grant. The focus will be in-session (Saturdays) follow-ups for students participating in our summer PRIME program.
4. (Once again) A faculty member questioned why the science department composition of the IAMST was limited to a sub-set of 'science-related' departments. The reason for the initial focus being on lab sciences is related to the equipment and facilities these disciplines use and the extended time required to specify such needs. As the IAMST concept develops other department needs will be directly addressed.
5. The rest of the meeting dealt with the Consultant Sub-committee's implementation schedule and report suggestions. The implementation schedule was accepted and the chairs are drafting the necessary cover letters. The report was accepted with some changes. DiDio, Longo and Shalhoub will make the additions and corrections. The edited report will be distributed before the next meeting.

IAMST Steering Committee

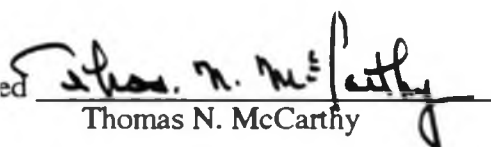

Meeting of September 16, 1993

Present: DiDio, Hoersch, Longo, McCarthy, Mickle, Millard, Shalhoub, and Wolf

George Shalhoub called the meeting to order at 3:40 pm.

1. Minutes of 9/9/93
 - Accepted as amended (corrections to be distributed at next meeting).
 - It was agreed that minutes will be published in Campus News and also will be sent to steering committee members.
2. Consultant(s)
 - The Provost is willing to consider having more than one consultant if an appropriate charge is written for each.
 - Total budget request for consulting services in the HUD application is \$5,000.00.
3. October 7th Meeting
 - The meeting with Medical College of Pennsylvania people will be held on October 7th. An agenda will be sent to the steering committee by Dean Millard.
4. Draft of the Information for Educational (Concept) Consultant
 - It was agreed to change the title to Program Consultant (approved unanimously). The change will be made throughout the document.
 - Several changes to the document were approved:
 - 1.1 Begin with process and add Institute after opening description of the process (Group will rewrite)
 - 1.1 Drop math/science; substitute La Salle University
 - 1.2 "in collaboration"
 - 1.52 Drop period after visible
Substitute "practice" for "do"
Rewrite last sentence
 - 2.3 Reordered
 - Steering Committee will convene to consider the rewritten document.
 - Steering Committee agreed that the consultant will meet with the Steering Committee, not with the departments, but will respond to department statements.
5. Departmental Statements
 - It was agreed that Alice, Anne, and Zane will draft guidelines for the department statements (Department Response Form).
 - The Department Response Form will be on the 9/27 agenda.

The Committee adjourned at 5:10 pm.

Signed 
Thomas N. McCarthy

Faculty Forum Announcement:

All faculty, students and friends of La Salle University are invited to attend the first session of *The Faculty Forum*:

Developing Cultural Consciousness Through Fiction in the Core Curriculum

Presented by:

Dr. Toni Culjak

and

Dr. Maribel Molyneaux

*Department of English
La Salle University*

Response by:

Dr. Barbara Millard

*Dean of Arts and Sciences
La Salle University*

**Thursday, October 14, 4:00 PM
Administration Building, 4th Floor**

Dinner will be served after the session in the Conference Room.. *No charge* for dinner for the first 25 reservations made by faculty and staff. **Please return no later than Tuesday, October 12 or call 951-1145 to reserve for dinner.**

□□□□□

Please help us to plan dinner arrangements by returning the tear-off.

Assistant to the Vice President For Student Affairs

October 6, 1993

Dear Colleagues:

By this time you may have seen flyers and brochures advertising a series of programs on sexual harassment. Consider this your invitation to attend and participate in these programs. There is often a misconception that such programming is designed for students. That is not the case in this instance. The goal of our efforts is to educate the campus community and that includes you.

The programs on understanding the issues are as follows:

For Men Only

Monday, October 11
6:00 PM
St. George Lounge
North Halls Complex

For Women Only

Thursday, October 14
12:30 PM
Music Room, Union

Mixed Group Programs

Wednesday, October 13
3:30 PM
Union 217

Wednesday, October 13
6:00 PM
St. George Lounge
North Halls Complex

If you wish to attend the evening programs in the residence halls, arrangements have been made to allow you to access. If you have questions or need further information, contact me. Thank you in advance for your interest and support. I hope to see you at one of the programs!

Sincerely,

Nancy A. Brewer
Assistant to the Vice President
for Student Affairs

WOMAN AND ALCOHOL

For some time, alcohol researchers have known that our understanding of alcohol and its affect on the human body has come from predominantly male studies. To this end, attempts to discuss

alcohol, be that with males or females, have consistently presented a 'male perspective'.

In light of this, there has been a marked increase in the amount of recent research conducted regarding women's issues as related to alcohol. For example, it has long been known that one's Blood Alcohol Level (BAL) is, in part, determined by the fact that alcohol is water soluble. Yet while recognizing that the proportion of body fat to body fluids differs for men and women- women having a higher proportion of body fat- men and women alike were told to calculate BAL based solely on number of drinks consumed for a particular weight.

Since the wallet sized charts that help drinkers 'know their limits' are calibrated using male data, this has all but ensured that women who use such charts will achieve higher BALs than expected- the more drinks consumed, the greater the variance.

Two additional factors present equally important variance when attempting to calculate BALs for males and females, *even for the same weight*: 1). Because cyclical hormonal variations greatly influence physical characteristics of the human female, woman will obtain significantly higher peak BALs during the premenstrual time and at the time of ovulation. It is thought that this

is due, in part, to varying amounts of estrogen in the woman's system. If accurate, women using birth control pills and post menopausal women on estrogen therapy should be aware of estrogen's impact on the metabolism of alcohol,

2). Recent research has determined that women have less of a specific enzyme- alcohol dehydrogenase- which begins to break down alcohol in the stomach, before it enters the blood stream. The result is that woman absorb into the blood stream approximately 30% more of the alcohol consumed than does the same sized male who has consumed the same amount of alcohol. For alcoholic women, alcohol dehydrogenase is nonexistent, therefore ensuring 100% of the alcohol consumed finds its way into the blood stream.

Since degree of intoxication is determined by the percentage of ethyl alcohol in the blood, these variables can have a significant influence on a woman's specific reaction to the alcohol she consumes.

For copies of gender sensitive charts to aid in calculating BAL, contact the AOD Program at X-1355 or Box 821.

RESPONSIBLE DECISION MAKING

For those who choose to drink- and in mainstream America that includes about 66% of the adults over 18- responsible decision making about alcohol can preclude the abuse of this drug. What follow are ideas to consider with regards to developing a personal plan RE drinking: 1). Drinking is a personal choice. No one has the right to pressure another to

Plan

drink, even in the name of hospitality- good hosts have non-alcoholic alternatives available for their guests,

2). Remember, alcohol is not a prerequisite to a good time although such would appear to be the subtle message in most alcohol advertising,

3). Know when to abstain- when recovering from alcoholism, when under the legal age, when pregnant or breast feeding, when operating equipment/driving, when hunting or participating in high risk sports, when on certain medications (ask your doctor),

4). Remember that getting drunk is NEVER safe,

5). Know personal limits of moderation- BAL is affected by

gender specific issues, medications taken, and contents in the stomach. Individual responses to similar BALs may vary from occasion to occasion because of- fatigue, illness, strong emotions,

It is important to remember that judging one's degree of intoxication- or apparent lack of- based on feelings alone is dangerous. Because of the body's ability to develop a tolerance to the effects of alcohol we may FEEL sober yet have an elevated BAL which places us at risk of accident or other negative consequence.

To find out more specific information about alcohol and its affect on the body check out the book, Loosening the Grip by Kinney and Leaton in Connelly Library.

FACULTY REMINDER

The AOD Program is again offering to provide faculty with coverage for classes. This program is being repeated because of its great success last year, when numerous faculty were able to arrange for an AOD related presentation in their classes when attending conferences or presenting scholarly papers off campus.

With as little as two weeks notice, a specific presentation can be arranged which compliments the professors syllabus. Last year the programs on genetics, risk

management, global history, and advertising to name but a few were offered. Should you wish to take advantage of this service, contact Robert Chapman in the Counseling Center, X-1355.

BREAST CANCER AND DRINKING

Recent studies indicate if you are a woman and you drink alcohol, you may be increasing your risk of developing breast cancer. The studies linking cancer of the breast and alcohol were carried out by Harvard University which followed 89,538 registered nurses between 34 and 59 years of age, and discovered that women who drank as few as three drinks a week had a 30% greater risk of developing breast cancer than woman who seldom or never drank.

The National Cancer Institute also studied 7,188 women between the ages of 25 and 74 and found that there was a 50% higher risk for breast cancer for women who drank any alcohol at all.

According to the Harvard study, beverages most dangerous to drink are hard liquor and beer. More studies are underway to pinpoint the actual degree of risk and to learn more about how drinking affects certain women's predisposition to develop breast cancer.

Risk factors known to be related to the development of breast cancer include: age, family history, long menstrual history, hormonal factors, overweight, smoking, and a high fat diet.

All women are "at risk" to develop breast cancer- especially as they get older. Since one in nine American women will develop breast cancer at some point in her life, all women need to become aware of early detection and prevention strategies. Regular check-ups, mammograms and monthly breast self-exams can detect breast cancer in its very early stages when it can be cured.

Stopping smoking and drinking alcohol along with developing healthy, low-fat eating habits will help prevent not only breast cancer but other cancers and heart disease as well.

Resident Life Office

To: Faculty Member or Administrator
From: Ann T. Isely, Assistant Director of Resident Life
Date: October 8, 1993
Re: Programs

Over the past couple of years the Resident Life Office has asked your assistance in providing out-of-the classroom experiences for our students living in the residence halls. This year is no different, with the amount of students opting to live on campus, there is a need to bring their academic "lives" and "residential" lives closer together.

The Resident Life Staff tries to meet developmental needs of students within a holistic framework through various types of programs. Your willingness to share your skills and knowledge will help our students develop well-balanced lifestyles.

Please take the time to complete the survey, and return it to the Resident Life Office, Box 819, by October 15, 1993. The information gained through this survey will be made available to the Resident Life staff and we will be encouraging them to contact you to do programs for their students.

Thank you in advance for your assistance in promoting the total development of LaSalle students, and in aiding the undergraduate Resident Assistants and graduate student Resident Directors in their efforts to do the same.

I am willing to present information, lead a discussion, or teach skills pertaining to the following areas:

LA SALLE BASKETBALL

1993-94 FACULTY/STAFF SEASON TICKET

ORDER FORM

LA SALLE FACULTY AND STAFF - Don't miss this chance to buy your season tickets for La Salle Basketball. The 1993-94 schedule features eleven home games at the Philadelphia Civic Center and two doubleheaders at the Spectrum. MCC conference foes Xavier, Evansville, Detroit Mercy, Loyola (Chicago) and Butler highlight the schedule.

IN ADDITION - La Salle fans will enjoy non-conference contests against Notre Dame, Princeton and Kansas State along with games versus cross town rivals Temple, St. Joseph's and Philadelphia Textile. Two games at the Spectrum against Villanova and Pennsylvania round out the schools toughest home schedule ever.

BEST BUY - La Salle Faculty and Staff receive a large discount when purchasing season tickets. Three plans are available to suit your needs.

Plan	Your Cost	Full Value	Discount
Gold	\$115.00	\$205.00	\$ 90.00
Blue	\$ 95.00	\$161.00	\$ 66.00
Explorer	\$ 70.00	\$106.00	\$ 36.00

EASY TO ORDER - Return order form to Hayman Hall - Room 102 or mail to Pete D'Orazio, Box 805, Campus Mail. Please make check or money order payable to La Salle University. Call 951-1999 for more information.

Support *all* your La Salle Explorer teams. **GET TO THE GAMES !!!**

NOTABLES

CROSS COUNTRY - Men's

Head Coach: Charles Torpey (1st Season)

- * Men's team placed first out of seven teams in the Mount St. Mary's Invitational on October 2nd.
- * Pete Dougherty placed second overall with a time of 25:45.

CROSS COUNTRY - Women's

Head Coach: Charles Torpey (1st Season)

- * The team tied for third place in the Mount St. Mary's Invitational at Emmitsburg, Maryland on October 2nd..
- * **Melanie Johnson** earned *MCC Performer of the Week* honors after placing fourth overall with a time of 18:27 at the Mt. St. Mary's Invitational

FIELD HOCKEY (2-9)

Head Coach: Kathy De Angelis (2nd Season)

- * The Explorers split their games last week, dropping one to Bucknell 1-2, and defeating Holy Cross 2-1 in overtime.
- * **Amy Antonelli** scored a goal in each game. **Kim Aglidian** scored La Salle's remaining goal against Holy Cross.
- * Antonelli leads the team in scoring with five goals.

GOLF

Head Coach: Joseph Boyle (1st Season)

- * Senior **Chris Sivak** was named *MCC Performer of the Week*. Sivak was the top finisher at the Franklin and Marshall Invitational on September 29th, shooting a one-over-par 73 in the tournament.
- * Team travelled to Indianapolis to compete in the Sherwin-Williams MCC Golf Championships on October 4th and 5th, finishing seventh with a total score of 1,003.

SOCCER - Men's (0-9-1, 0-1 (7th place MCC))

Head Coach: Pat Farrell (7th season)

- * Team is still looking for the winning combination, after dropping two games last week (vs. Temple 4-0; vs. Monmouth 3-2 in overtime).
- * **Dan Beisel** and **Dave Steinbach** scored La Salle's goals against Monmouth; Steinbach also added an assist.

SOCCER - Women's (3-6-1, 3-2-1 (4th place MCC))

Head Coach: Betty Ann Kempf (8th season)

- * On the road, the team lost to Dayton 4-1 on Saturday, October 2nd with **Laura Winchester** scoring the Explorers' lone goal.
- * Team completed its MCC schedule on a winning note on Sunday, October 3rd, defeating Butler 2-1 with **Laura Winchester** and **Jennifer Pessillo** each scoring a goal.

TENNIS - Women's (2-5)

Head Coach: Sue Burke (1st season)

- * The Explorers were shut out by Lafayette 9-0 on the road on September 29th.
- * La Salle rebounded to its loss against Lafayette, defeating crosstown rival Philadelphia Textile 6-3 on October 4th..

VOLLEYBALL - Women's (7-7, 0-0 MCC)

Head Coach: John Kunzier (2nd season)

- * La Salle fell short three games to one in its lone contest of the week against American, running their overall record to 7-7.
- * Team is off until October 11th when it hosts Drexel.
